

**In The Lord's Time**

Hoping, praying, waiting  
I know he hears my plea  
Yet Heav'nly Father's timing  
Is just not up to me.

In hopes of greater faith I give my will  
To the Lord and just be still  
To know that He is God.

*Chorus:*

*In the Lord's time  
The blessing becomes mine.  
In the Lord's time  
What I seek I shall find.  
If I never quit knocking  
Or talking to Him  
I know He'll answer  
He always answers  
He hears me and the answer comes  
In His time.*

All my heart I give Him  
Each day in fervent prayer  
His gentle spirit fills me  
To let me know He's there.

And as I humbly strive to seek the will  
Of the Lord and just be still  
I know that He is God.

*Chorus*

He loves me so the answer comes  
In His time.
